**Release Date:** March 1, 2020

**Expiration Date:** February 28, 2022

### Target Audience:

Obstetric and Gynecology Specialists

### Learning Objectives:

As a result of participation in this activity, participants should be able to:

- 1.) Name the required characteristics and criteria to establish a diagnosis of polycystic ovarian syndrome (PCOS).
- 2.) List the various options available to address infertility secondary to poor or absent ovulation in women with PCOS.
- 3.) Be aware of conditions that may mimic PCOS and list associated physiologic causes and alterations with this common condition.
- 4.) Note a few recommended tests and helpful advice to be aware of to best deal with the non reproductive impact of PCOS on one's health.

**Accreditation:** The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit:** The University of Florida College of Medicine designates this enduring material for a maximum of 0.25 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Contact Info:** If you have any questions please feel free to contact Brittany Purcell at 352.265.0373 or at [bpur0003@shands.ufl.edu](mailto:bpur0003@shands.ufl.edu)
