

Advanced Robotic Urologic Surgery Program

Presented by:

Li-Ming Su, MD
Chairman, Department of Urology
David A. Cofrin Professor of Urologic Oncology
University of Florida College of Medicine

Faculty Disclosure:

Dr. Su has disclosed that he has no relevant financial relationships. No one else in a position to control content has any financial relationships to disclose.

CME Advisory Committee Disclosure

Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure/>.

Release Date: February 1, 2020

Expiration Date: January 31, 2022

Target Audience:

Urologists, Female Pelvic Medicine and Reconstructive Surgery Specialists

Learning Objectives:

As a result of participation in this activity, participants should be able to:

- 1) Describe the rapid adoption of robotic surgery in urologic surgery
- 2) Describe the advantages of robotic surgery over conventional open and laparoscopic surgery
- 3) Describe the multitude of urologic surgical procedures that robotic surgery is applied including those applied to oncologic procedures, female urology and reconstructive surgery.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this enduring material for a maximum of 0.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Contact Info: If you have any questions please feel free to contact Brittany Purcell at 352.265.0373 or at bpur0003@shands.ufl.edu
