### **CME Advisory Committee Disclosure**

Conflict of interest information for the CME Advisory Committee members can be found on the following website:

<https://cme.ufl.edu/disclosure/>.

**Release Date:** June 19, 2020

**Expiration Date:** May 26, 2022

### **Target Audience:**

Primary care practitioners, family practitioners, pediatricians, nurse practitioners and physician assistants.

### **Learning Objectives:**

As a result of participation in this activity, participants should be able to:

1. Explain significance of afebrile seizures in first years of life.
2. Describe what patients would benefit from early surgical intervention.
3. Contrast and compare the significance of febrile and afebrile seizures in the first year or life.

**Accreditation:** The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit:** The University of Florida College of Medicine designates this enduring material for a maximum of 0.25 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
