CME Advisory Committee Disclosure

Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure/>.

Release Date: November 25, 2020

Expiration Date: November 24, 2022

Target Audience:

Emergency Medicine, Internal Medicine, Family Medicine, Cardiology, Cardiovascular Surgery

Learning Objectives:

As a result of participation in this activity, participants should be able to:

1. Understand the evolution of Troponin from contemporary to high-sensitivity assays.
2. Identify key considerations for implementation of high-sensitivity troponin
3. Recognize future changes to rule out strategies and observation based on implementation of high-sensitivity Troponin.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this enduring material for a maximum of 0.25 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
