Garcia M, Mulvagh S, Merz C, Buring J, Manson J. Cardiovascular Disease in Women: Clinical Perspectives. *Circ Res*. 2016 Apr 15;118(8):1273-93. PMID: 27081110

**Release Date:** February 1, 2021

**Expiration Date:** January 31, 2023

## Target Audience:

Primary Care Physicians, Specialty Physicians, Specialty Surgeons

## Learning Objectives:

As a result of participation in this activity, participants should be able to:

1. Define common cardiovascular diseases in women.
2. Characterize when a disease process needs intervention.
3. Recognize the differences in treating women with cardiovascular disease.
4. List treatment options for cardiovascular diseases in women.

**Requirements for successful completion:** Certificates are awarded upon successful completion (80% proficiency) of the post-test.

**Accreditation:** The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit:** The University of Florida College of Medicine designates this enduring material for a maximum of .25 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Contact Info:** If you have any questions please feel free to contact Kirsten Freeman at 352-273-5493 or at [kirsten.freeman@surgery.ufl.edu](mailto:kirsten.freeman@surgery.ufl.edu)
