Continuous Glucose Monitoring in Clinical Practice

Presented by:
Julio Leey, MD, MsC
Assistant Professor of Medicine at University of Florida
Director of Diabetes Technology at University of Florida (UF) and Director of Diabetes Clinic at the Malcolm Randall VA Medical Center (VA) both in Gainesville, FL.

Faculty Disclosure:
Dr. Leey has disclosed that he received a grant from the U.S. Department of Veterans Affairs to expand CGM technology in rural communities**.** No one else in a position to control content has any financial relationships to disclose.

CME Advisory Committee Disclosure

Conflict of interest information for the CME Advisory Committee members can be found on the following website: https://cme.ufl.edu/disclosure/.

Bibliographic Source:
American Diabetes Association. Diabetes Technology: Standards of Medical Care in Diabetes 2021. Diabetes Care Jan 2021, 44 (Supplement 1) S85-S99; DOI: 10.2337/dc21-S007

Release Date: March 9, 2021
Expiration Date: March 8, 2023

Target Audience:
Primary care physicians and endocrinologists

Learning Objectives:
As a result of participation in this activity, participants should be able to:

1. Better understand diabetes technologies
2. Identify clinical Indications of CGM and Insulin pump
3. Increase knowledge of interpretation of CGM data

Requirements for successful completion: Certificates are awarded upon successful completion (80% proficiency) of the post-test.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this enduring material for a maximum of .25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Contact Info: If you have any questions please feel free to contact Theresa Bradley, 321.356.3344.
