Release Date: 6/10/2021

Expiration Date: 6/9/2023

Target Audience:

Primary Care Physicians, Specialty Physicians, Clinical Hematolo/Oncology Physicians

Learning Objectives:

As a result of participation in this activity, participants should be able to:

1. Describe the role of Precision Medicine in Malignant Hematology practice
2. Discuss molecularly-targeted therapy in malignant hematology: what we learned over the past 20 years
3. Describe the role of immune-oncology in treatment of blood malignancies
4. Describe novel immune-based therapeutics: BiTEs, Checkpoint inhibitors, CAR-T cell therapy

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this enduring material for a maximum of .25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Contact Info: If you have any questions please feel free to contact Zeina Al-Mansour, MD @ Zeina.Al-Mansour@medicine.ufl.edu
