Release Date: October 13, 2021

Expiration Date: October 12, 2023

Target Audience:

Primary Care Physicians, Oncologists of all types, Endocrinologists

Learning Objectives:

As a result of participation in this activity, participants should be able to:

1. Give an overview of the current management of neuroendocrine tumors
2. Describe the use of peptide receptor radionuclide therapy for treatment for NETs
3. Explain when, in the course of the disease, PRRT is best given

Requirements for successful completion: Certificates are awarded upon successful completion (80% proficiency) of the post-test.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this enduring material for a maximum of .25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Contact Info: If you have any questions please feel free to contact Dr. Hitchcock at 352-265-0316 or hitcka@shands.ufl.edu.
